YSOFT AIVA

YOUR COMPETITIVE EDGE STARTS WITH ACCELERATED TESTING

YSoft AIVA makes test automation instant, affordable, and user-friendly—no matter your team's prior knowledge or skill level. We're inviting forward-thinking early adopters to experience modern testing that reduces risk and cuts time-to-market with zero quality compromise.

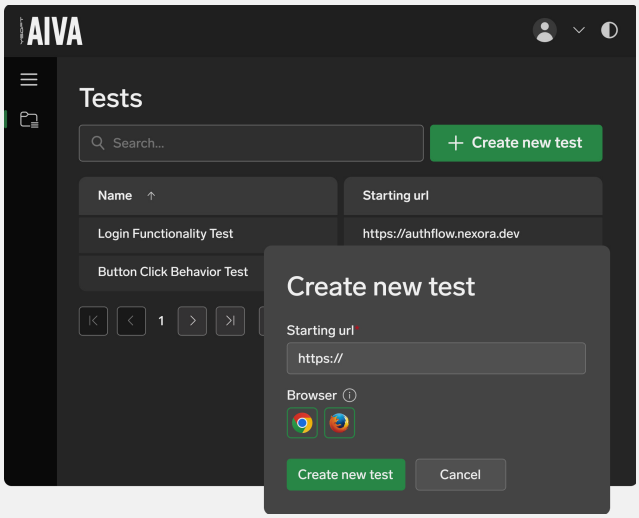

DELIVER QUALITY FASTER WITH AIVA

Speed of release and product quality are non-negotiable. While traditional test automation slows you down with heavy setup and costly test maintenance, AIVA changes the game. Experience instant automation without the engineering overhead, enabling fast releases with no frameworks, no coding, and no friction. Automate tests without the pain and accelerate time-to-market.

- ✓ Create reliable automated full-system tests for your web applications in minutes
- ✓ Start testing immediately, regardless of your engineering knowledge or prior testing experience
- ✓ Experience visual test recording that actually works
- ✓ AIVA supports all web applications out of the box—If a human can test it, AIVA can too

HOW IT WORKS

1. Sign up and get the pro version of AIVA free of charge for one year.
2. Explore the platform, create tests, and experience instant-value test automation without the learning curve.
3. Share your thoughts and make the platform right for people like you.
